

Designated Rights of Way

We have in Crick a number of footpaths, bridleways and byways that have been in existence for years. All these are registered and given a unique reference number starting with EM.

- EM1 Starts at the main road at the Playing Field gate and goes parallel to the garden fences to the northeast corner of the field. It turns right between the gardens into Kingstyle Close where it ends.
- EM2 Starts at Barley Croft, a finger sign directs across the fields. Take care crossing the bypass and be sure to follow the signs through the factory. The path continues to Lilbourne.
- EM3 Starts at the junction of St Margaret's churchyard wall and the burial ground, goes through the estate, over the bypass, over the canal on the footbridge and on the northerly side of Crack's Hill to rejoin the canal
- EM4 This is signposted as a bridleway and starts at the roundabout at the easterly end of the bypass. The route goes across the fields towards Crack's Hill where it continues on to Yelvertoft.
- EM5 Starts at the Nursery entrance on the West Haddon road. The path goes across the fields to the Foxholes.

- EM8 Links EM7 at Silworth Lodge to Watford.
