

Crick and Daventry International Rail Freight Terminal PCSO Monthly Report for October 2018

Monthly report October 2018

As we enter into the darker nights I feel obliged to remind residents and business owners of the need for increased vigilance. As the darker nights draw in it does not hurt to consider personal safety and security.

Now the darker nights are setting in, criminals will seek to take advantage of this.

In October we have seen a number of Trucks targeted by thieves broken into and items stolen.

We will be targeting our patrols in the coming months to deter this from happening.

Incidents and Events of Note

3rd October 2018 Illegal Immigrants at DIRFT

Attended the location with Ambulance.

7 Illegal Immigrants had welfare checked by ambulance and taken into custody for illegal entry into the UK.

8th October 2018 Elderly female found deceased by a relative at an address in Crick.

11th October 2018 Illegal immigrant found wandering around site at Eldon Way. Male arrested and escorted to custody for illegal entry into the UK.

11th-12th October 2018 Crick Village hall had items stolen and a wall damaged.

15th-16th October 2018 Criminal damage to fence panels on edge of Crick playing field.

Crime Trends

We have seen a recent rise in theft from HGVs, this is however not unexpected for this time of year given the run up to Christmas. Our patrols will be adjusted to deter this.

Operations

Halloween

It was that time of year again where ghosts, ghouls, witches and wizards were wondering the streets asking for treats and threatening tricks! A politely worded poster was available to people who would prefer not to have spooky visitors at their door that they could display in their front window to be printed off at the following link:

COLNE

You vs. Train - trespass prevention campaign

A rail-industry initiative, targeting teenagers and encouraging them to consider the serious and devastating consequences for them and their loved ones when they make the potentially life-changing decision to ignore warnings and go onto the railway tracks.

At the heart of the You Vs Train campaign is the story of Tom Hubbard – a young boy who suffered life-changing injuries in 2014 when he was electrocuted by the overhead power cables. Tom suffered third degree burns across 57% of his body and he has been left to deal with the serious physical and psychological consequences ever since.

Hundreds of people each year unintentionally take on the railway and lose.

The railway is full of hidden dangers. If you're not hit by an unexpected train, you'll be hit by the lethal current in the rails and power lines.

You will be killed or left with catastrophic, life-changing injuries. And your friends and family will be left with the brutal consequences. Everyone loses against this opponent.

Everyone loses when you step on the track.
