

What is a Travel Club?

A Travel Club is a club formed for the purpose of arranging transport for the club members. Members of your club can be any age. People in your local area join the club and then decide what transport they need and where they want to go.

It is easy to run a Travel Club, once it is set up it is just a matter of a phone call to arrange your clubs transport.

We are a charity and our drivers are volunteers, so a friendly service is always given.
